

2024 the 8th International Conference on System Reliability and Safety

The 8th International Conference on System Reliability and Safety (ICSRS 2024) will take place from November 20-22, 2024, in Sicily, Italy, and is technically co-sponsored by the IEEE Reliability Society (Italy Chapter). The conference provides a platform for researchers, practitioners, and industry experts to exchange ideas and present their latest research findings on various topics, including fault diagnosis, fault-tolerant control, risk analysis, safety management, system reliability assessment, and maintenance optimization.

Publication Support

Submitted papers will be peer reviewed by conference committees, and accepted papers will be included into ICSRS 2024 Conference Proceedings. The Conference content will be submitted for inclusion into IEEE Xplore as well as other Abstracting and Indexing (A&I) databases. The proceedings is expected to be indexed by Scopus & EI Compindex, etc.

Important Dates

Submission Deadline	Notification of Acceptance	Registration Deadline
July 5, 2024	August 5, 2024	August 20, 2024

Keynote Speakers

Olga Fink
EPFL, Switzerland

Katrina Groth
University of Maryland, USA

Session Keynote Lectures

Emmanuel Fragniere
University of Applied Sciences
Western Switzerland, Switzerland

Fabio Postiglione
University of Salerno, Italy

Wei Wang
City University of Hong Kong, China

Elena Zaitseva
University of Zilina, Slovakia

Shokry Ahmed
CMAP, Ecole Polytechnique, France

Mohammad Ali Sanieemonfared
Alzahra University, Iran

Yanhui Lin
Beihang University, China

Mohammad Ali Farsi
Aerospace Research Institute

Nicolae Brinzei
University of Lorraine, Research Center for Automatic Control of Nancy (CRAN)

Alba Sofi
University "Mediterranea" of Reggio Calabria, Italy

Adam Abdin
University of Paris Saclay, France

Bahri Uzunoglu
Uppsala University, Sweden

Mahmood Shafiee
University of Surrey, UK

Maria Francesca Milazzo
Università degli Studi di Messina, Italy

Márcio das Chagas
Federal University of Pernambuco, Brazil

Umberto Alibrandi
Aarhus University, Denmark

Yi-Ping Fang
University of Paris Saclay, France

Marco Cocconcelli
University of Modena and Reggio Emilia, Italy

Zhiguo Zeng
Université Paris-Saclay, France

Masoud Naseri
The Arctic University of Norway, Norway

Yanhua Zou
Hunan Institute of Technology, China

Pierre Dehombreux
University of Mons, Belgium

Mohammad Pourgol
University of Maryland, USA

Huixing Meng
Beijing Institute of Technology, China

Track 1: System design and modeling based on reliability

Data-driven reliability model design
Design Optimization Using R&M Techniques
Discrete Event Modeling & Simulation
Condition monitoring, diagnostics and prognostics

Track 2: Machine learning and data analysis in reliable engineering

Fault Tree Analysis
Reliability testing and statistics
Big-Data Supported Reliability Assessment
Fault tolerance and diagnosis

Track 3: Product reliability assessment and management

Reliability theory and application
Structural reliability
Risk assessment & management
Product reliability and safety evaluation

Track 4: Engineering reliability maintenance and safety management

Architecture and design-based reliability and performance
Strategic asset management
Asset fleet management
Quality engineering

For more information, please go to: <https://www.icsrs.org/cfp.html>

Submission Instruction

1. Full paper: Presentation and Publication
2. Abstract: Presentation only

Submission System: <https://www.easychair.org/conferences/?conf=icsrs2024> (.pdf only)

Conference Proceeding Template: <https://www.icsrs.org/instruct8.5x11x2.doc> (doc.)
<https://www.icsrs.org/ieee-latex-conference-template.zip> (Latex.)

The paper length is within 4-10 pages. Official language is English in paper writing and presenting.

Ms. Gretchen Lau
Conference Secretary
E-mail: icsrs@outlook.com
